

SHARK HUMAN

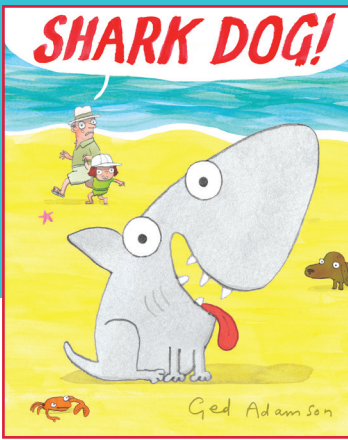

It's a shark! No, it's a human! It's a shark human! Cut out your own shark fin and paper strips below. Tape the paper strips together to form a headband that fits your head, use tape to attach the shark fin to your headband, and wear it proudly!

Safety Note:

Always be sure to ask permission from a grown-up before using scissors.

EXTRAORDINARY PETS

Shark Dog is half shark, half dog, and a one-of-a-kind pet!
Come up with your own unique creature by mixing and matching animals and draw its own special family tree in the boxes provided!

SHARK + DOG =

SHARK DOG!

A diagram showing a shark on the left and a dog on the right. A bracket underneath both animals points down to a drawing of the 'Shark Dog' creature, illustrating the combination of the two animals.

_____ + _____ =

A blank template for creating a new creature. It features a horizontal line with a plus sign and an equals sign, followed by a horizontal line for the name of the creature. Below this is a large bracketed area for drawing the creature, with a vertical line extending downwards from the center of the bracket to indicate where to draw the family tree.

_____ + _____ =

A blank template for creating a new creature, identical in structure to the one above, with a horizontal line for the name and a bracketed area for drawing the creature and its family tree.

_____ + _____ =

A blank template for creating a new creature, identical in structure to the one above, with a horizontal line for the name and a bracketed area for drawing the creature and its family tree.
