

# GOOD VS. BAD

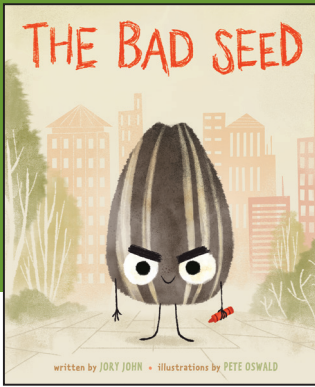

While the main character calls himself a “bad seed,” he’s not always bad. Everyone has good moments, like cheering up a sad friend, but they also have bad moments too, like fighting with a sibling. Write down some “good” and “bad” things you’ve done today.

# A HELPING HAND

The bad seed says he wasn't always a bad seed. How do you think he felt when he heard others call him a "bad seed"? How could the others have helped him instead? Draw a picture of what you would have done to help the bad seed.
