## ABOUT THE BOOK

The last thing thirteen-year-old Angie Chapman remembers is walking into the woods alone during a Girl Scout camping trip. But now she has returned home, and sixteen-year-old Angie struggles to piece together the last three years of her life, unraveling the story of her kidnapping and abuse. Liz Coley's *Pretty Girl-13* is a disturbing—and ultimately empowering—psychological mystery about accepting our whole selves, and the healing power of courage, hope, and love.
