Introduction

On her nineteenth birthday, Princess Kelsea Raleigh Glynn, raised in exile, sets out on a perilous journey back to the castle of her birth to ascend her rightful throne. Plain and serious, a girl who loves books and learning, Kelsea bears little resemblance to her mother, the vain and frivolous Queen Elyssa. But though she may be inexperienced and sheltered, Kelsea is not defenseless: Around her neck hangs the Tearling sapphire, a jewel of immense magical power; and accompanying her is the Queen's Guard, a cadre of brave knights led by the enigmatic and dedicated Lazarus. Kelsea will need them all to survive a cabal of enemies who will use every weapon—from crimson-caped assassins to the darkest blood magic—to prevent her from wearing the crown.

Despite her royal blood, Kelsea feels like nothing so much as an insecure girl, a child called upon to lead a people and a kingdom about which she knows almost nothing. But what she discovers in the capital will change everything, confronting her with horrors she never imagined. An act of singular daring will throw Kelsea's kingdom into tumult, unleashing the vengeance of the tyrannical ruler of neighboring Mortmesne: the Red Queen, a sorceress possessed of the darkest magic. Now Kelsea will begin to discover whom among the servants, aristocracy, and her own guard she can trust.

But the quest to save her kingdom and meet her destiny has only just begun—a wondrous journey of self-discovery and a trial by fire that will make her a legend . . . if she can survive.

12. Consider the term "fey," seeing one's own death and exalting in it. How is it important to an understanding of Kelsea?
13. Javel assists the brutal work of Arlen Thorne as a way to possibly be reunited with Allie, his love lost to the slave trade. Does this justify his involvement? How would you describe his character?
